Phone Number:		Color:	
		Weight:	

Please select your desired cut from the choices below, or if you would like a custom cut please explain to use how you would like your cat shaved. Nail trimming is included with all grooms. For all standard cuts, hair shaved will be 1/8". If you require a specific length, please let us know and we will do our best to accommodate. **If hair is matted, we may have to shave the hair shorter. Thick matting will require an additional fee.**

___ **LION CUT:** The body is shaved down to the wrists on the front legs, down to the hock (ankle) on the rear legs, and to the middle of the neck. The hair on the head and face are left but are trimmed and brushed. The tail is shaved with a "poof" at the tip of the tail. The hair shaved will be about 1/8" in length.

___ **MODIFIED LION CUT:** The body and face are shaved the same as with the lion cut. The hair on the front legs is shaved to the elbows and rear legs are shaved to the hock. The tail is shaved, but 3/4 of the hair is left. Hair shaved will be 1/8" in length.

Modified Lion Cut

Traditional Lion Cut with more hair left on tail and shaved to the elbows.

___ **CUSTOM CUT:** Please describe the type of shave you prefer if the two above do not meet your needs:
